## Federal Agency Talks Buying State Tollroads

2,102 Miles Added To Nation's Vast Highway Network

WASHINGTON (AP)—The Bureau of Public Roads today incorporated 2,102 miles of tollroads in 15 states into the 41,000-mile network of interstate and defense highways.

It will now be up to Congress to decide whether the government should purchase the roads and make them toll-free, or let the states continue to collect the tolls and maintain the highways.

The tollroads now in operation which were approved for addition to the interstate system include 173 miles of the Ohio Turnpike from the Indiana state line to southwest of Cleveland, and from west of Youngstown to the Pennsylvania state line. (The entire route except the Cleveland-Youngstown section).

The nation's vast road building project is on a pay-as-you-go basis, and there just isn't enough in the highway trust fund to pay off the billions of dollars in bonds floated by the states to construct the tollroads.

THE HIGHWAY trust fund, supported by special highway taxes on gasoline, tires, etc., is falling short of its expected income. Furthermore, rising prices have boosted the original cost estimate of \$27½ billion for the entire 41,000-mile network by at least \$3 billion.

The Highway Act of 1956 envisaged four-lane, toll-free, limited-access highways criss-crossing the nation and connecting 90 per cent of the cities of 50,000 or more population. The network was expected to be completed in 15-15 years but it now appears 16 years will be a minimum.

And, unless revenues perk up and costs remain stable, tollroads may be a part of the system for years to come.

## Pennsylvanian Dies In Clinton Crackup

WILMINGTON—A 23-year-old Pennsylvanian man was killed instantly at 6:10 a. m. Wednesday on the CCC highway four miles east of here, when his late model sports car plowed into a tractor-trailer rig, apparently after the victim fell asleep.

The crash occurred near the Clinton County crossroads of Melvin.

The State Highway Patrol identified the victim as Raymond Heidler, 23, of Haysburg, Pa., who died of internal injuries.

The body was taken to the Fisher Funeral Home, Wilmington, where officials were attempting Wednesday noon to locate relatives.

Heidler "probably fell asleep at the wheel as he was driving east," patrolmen said. He swerved out of his lane and forced a westbound auto driven by Glenn E. Young, 21, of Louisville, Ky., into a ditch.

Continuing east, he collided with the westbound truck operated by Chester Rexroat, 53, of Akron, Rexroat said that Heidler may have awakened at the last minute, for he seemed to try to swerve just before the crash. The trucker swerved in the same direction at the same time, and the vehicles met head-on.

Rexroat and Young were treated in Clinton Memorial Hospital for bruises. Young's auto was not seriously damaged, but the grill and underside of the truck sustained considerable damage.

## China Reds Plan To Evict 300,000

HONG KONG (AP)—Reports reaching Hong Kong say Chinese Communist officials plan to move an estimated 300,000 "unproductive people" from the city of Canton before Jan. 1.

A Chinese traveler from Canton said today the move was planned to help solve the current food shortage and acute unemployment situation prevailing in the Chinese city. He said the persons to be relocated are being assigned to work on various state farms.

The Chinese Reds have been trying to halt the flow of peasants to the cities of the mainland for the last three years.

## 'Washington C. H. Night' Draws Enthusiastic Crowd to Jets Stadium

YOUTH BASEBALL'S NIGHT OUT—Manager Vic Bandy of the Pennington Bakery squad in the little minor league dutifully carries 16 jackets while his team joins in the parade of youth ball players at Jet Stadium in Columbus. More than a thousand Washington C. H. residents—adults, teenagers and junior baseball players—joined the largest local mass exodus in recent history Tuesday night when they went to Columbus for "Washington C. H. Night" at Jet Stadium.

The Jets lost to Miami, 6-1, but it was a victory for the hundreds of local parents, relatives and

friends who watched the 345 Little League and Babe Ruth League baseball players on parade across the stadium.

The Washington C. H. High School band provided music at intervals throughout the ball game to keep the fans reminded of the special occasion. Ushers and concessionaires at the stadium said it was

"just about the biggest" of several such "nights" scheduled this season.

AS ONE Babe Ruth League sponsor said Wednesday: "I guess the folks here really showed 'em. I think the boys, the parents and the band all made a fine turnout."

The local team members were seated in a section of their own just behind home plate. They were admitted free. Washington C. H. fans were placed in sections on the first base line.

The youngsters paraded around the field by teams before the game and lined the outfield wall to salute the flag. The parade was led by the three championship teams—the Main Restaurant squad from the Little Minor League, the Mac Dews Realtors of the Little Major League and the Bray's squad of the Babe Ruth circuit.

NEARLY 8,000 fans in all watched the festivities, and most of them joined in the big round of applause from the Washington C. H. section.

High School Music Director Robert Neumann conducted the band through the evening. Members were seated directly behind home plate.

Sixty cents of each \$1.50 adult admission is donated by the Columbus baseball club to youth baseball operations here. That will amount to "more than \$420," Co-Chairman Ralph Bray observed.

## All but One Jail Escapee In Custody

CANTON (AP)—One of four escapees from the Stark County jail is still on the loose today. One was picked up quickly, and two more were grabbed by a vacationing deputy sheriff.

First to be captured, about two hours after the break, was Jack L. Tipple, 35, of Massillon. Canton detectives found him walking along a creek bed. He was held on a forgery charge.

Tuesday night Howard T. Clark and Ralph J. Piccolo were arrested at gunpoint near a school at Atwood Lake in Tuscarawas County. Deputy Sheriff Donald Baintner, vacationing there, became suspicious and confronted them. They said they had walked the 20 miles from Canton.

Clark, 19, of Canton, was held for being absent without leave from the Army. Piccolo, 44, of Waterbury, Conn., is charged with breaking and entering.

The other escapee is Charles W. Shepley Jr., 26, of Canton, convicted of traffic manslaughter and awaiting sentence.

Sheriff Harry W. Grossglass said the men unfastened the hinges of a cell door, muffled the door with blankets, and used it to batter out a window.

## President Says GOP Leaders Ready Deal

Chief Asks Effective Enforcement of Citizen's Voting Right

WASHINGTON (AP)—President Eisenhower said today he is willing to accept a compromise civil rights bill which includes effective enforcement of voting rights.

Eisenhower told his news conference he expects Republican House leaders to offer a compromise proposal today or Thursday.

Eisenhower did not spell out the terms of this proposal. But he said it would represent a position between the one he took originally and the Senate's version of the civil rights bill.

The Senate stripped from a measure recommended by the administration and passed by the House a section under which the attorney general would have been empowered to seek federal court orders to enforce civil rights in general.

In response to a question, Eisenhower said he is not now advocating that any portion of that section be put back into the bill.

THE BILL HAS been stalemated in the House, with rival Republican and Democratic groups playing a waiting game. Both groups maintain they want some kind of civil rights legislation, but they disagree on its form.

Eisenhower's comment indicated that some GOP move at ending the deadlock is planned.

The Senate adopted amendments confining the bill's enforcement powers primarily to the voting rights field. It also wrote in a requirement for jury trials in all federal court criminal contempt cases.

## Mrs. Faith Pearce Dies in St. Louis

Mrs. Faith C. Pearce, society editor of The Record-Herald for 12 years until her retirement last January because of ill health, died at 4:20 p. m. Tuesday in St. Luke's Hospital, St. Louis.

Mrs. Pearce, who was 66, had been visiting her daughter, Mrs. D. S. (Jane) Mann, in St. Louis since June 14. She had gone there after leaving Fayette Memorial Hospital where she had been a patient several times since suffering a heart attack soon after the Christmas holidays.

She was admitted to the St. Louis hospital early Tuesday morning following another attack.

Born near Eber, Mrs. Pearce had spent most of her life in Washington C. H. She was a member of the Business and Professional Women's Club, the Washington Country Club and the Fayette Garden Club. She also was a member of the First Presbyterian Church where she took an active part in women's groups.

Besides her daughter, she is survived by two grandchildren; a sister, Mrs. Bertha Minnie, Dayton, and two brothers, George and Edgar Manuel, also of Dayton.

Services will be at 2 p. m. Saturday in the First Presbyterian Church, with the Rev. W. Neil Hand officiating. Burial will be in Washington Cemetery.

Friends may call at the Gerstner Funeral Home after 1 p. m. Friday.

## Air Force May Next Send Full Crew With Balloon Into Outer Atmosphere

FARGO, N. D. (AP)—Now that the Air Force has sent a balloonist 19 miles into the atmosphere the next step may be to send a four-man gondola to that height.

Radar trackers estimated the balloon carried Simons to a record-breaking 102,000 foot level. If confirmed by later calibration of instruments in the balloon, this would be 6,000 feet higher than Capt. Joseph Kittinger rose in June while testing equipment Simons used.

Information gained, he said, will push forward future manned missile flights.

## Court Order Halts State Amendment

COLUMBUS (AP)—A court order preventing Secretary of State Ted W. Brown from taking any further steps on a proposed Ohio constitutional amendment has been won by a group of cities lined up against the amendment.

The amendment authorizes the General Assembly to fix charges, and to determine the amounts of surplus water and sewer services that could be sold outside a municipality.

In response to an injunction suit filed by 11 Ohio cities, Columbus Judge Dana Reynolds Tuesday issued the order prohibiting Brown from certifying the proposal to election boards in each of the state's 88 counties, until a hearing is held on the controversial amendment.

The cities won the injunction on a plea that some wording in the proposal is contradictory and that the amendment was not lawfully approved because a quorum was not present when the resolutions were signed by presiding officers in both houses of the Legislature.

The suit was filed by representatives of Columbus, Youngstown, Akron, Dayton, Cleveland, Cincinnati, Delaware, Toledo, Galion, Indian Hills and Lisbon.

They were to send gangsters to our houses to kill us," Barry declared. "They were gangsters made in America."

## 2 Towns Say Jo-Jo Has Gotta Go-Go

SOUTH ORANGE, N. J. (AP)—The long arm of the law has finally curled around Jo-Jo, a 6-foot boa constrictor who has been run out of two towns in less than a week.

The 6-year-old reptile was sentenced Tuesday to a lifetime stretch at the nearby Watching Nature Museum.

Jo-Jo first came to public notice last week, when the board of health in Clifton ordered his owner, Abraham Kiviat, to remove the animal from his home and get it out of town.

Kiviat, who had raised Jo-Jo from infancy, reluctantly turned him over to 17-year-old Ronald Piper of South Orange.

Piper, who hopes to make reptiles his life's work, enjoyed caring for his pet and feeding him live rats. He literally became attached to the animal, wrapping him around his neck at times to show his affection.

But the happy idyll ended when police told Piper that Jo-Jo had to go-go. The youth pleaded that it would be nine years before the snake would be strong enough to crush a man, but the law was adamant.

Simons grabbed a pair of electric shavers, his tooth brush and a bar of soap and restored a little of the comfort he had missed since entering his tiny gondola Sunday night. He was then flown to Minneapolis for a long sleep.

Munching a hamburger, Simons, a native of Lancaster, Pa., called his wife at her home at Holloman Air Force Base, Alamogordo, N. M., where he is chief of space biology.

Suspended in a tiny aluminum capsule beneath the block-long balloon as it was launched from the huge, open pit iron mine at Crosby, Minn., Monday morning, Simons

Selden Granges and the Jeffersonville band.

The Roscoe Smith family orchestra will furnish dinner music.

The Goodwill Roundup was designed to take the place of the former Corn Show banquet which was abandoned three years ago.

The Chamber of Commerce has taken a lead in planning the get-together of farm and city businessmen, while the Granges, under Fayette County Deputy Roscoe Whiteside, agreed to arrange the program.

Walter Driesbach, and Ralph Nisley will be in charge of the barbecue pit which will be located near the Merchants Building which will provide shelter in case of rain.

## Hoffa Amazed By Revelation

He 'Didn't Know' Of Deal with Mobster

WASHINGTON (AP)—James R. Hoffa swore today he did not know that racketeer Paul (The Waiter) Ricca owned a Long Beach, Ind., mansion the Teamsters Union bought recently for \$150,000.

"I don't believe it," Hoffa replied when asked whether he knew that Ricca owned the property, and that Ricca is "a notorious hoodlum, an old Capone mobster."

For the second day, the Midwest Teamsters Union boss was in the witness chair of the Senate Rackets Investigating Committee.

It is inquiring into his financial dealings and alleged associations with racketeers. Chairman McClellan (D-Ark.) contends that Hoffa brought New York racketeer Johnny Dio and other underworld figures into the Teamsters Union and used them in a scheme to enhance his own power.

Ricca's name had not come into the hearings until Hoffa was asked by committee counsel Robert F. Kennedy about the purchase of the mansion.

HOFFA SAID Teamsters locals No. 299, to which he belongs, and No. 337, both of Detroit, put up the \$150,000 to acquire the building on Chicago's outskirts. He said it is to be used as a training school for union officials who handle pension and welfare funds.

He said he knows the checks to buy the property were made out to a man named Paul Delucia, and disputed a contention by Kennedy that "Delucia and Ricca are one and the same person."

McClellan told Hoffa the committee is exploring his investments only to determine whether there may have been a conflict of interest between Hoffa's duties as a union official and his dealings with persons and firms with whom the Teamsters Union had labor contracts.

MIDLAND, Tex. (AP)—Two young girls were found dead in an abandoned icebox here Tuesday night, hours after they disappeared while playing.

The victims were Marie Grissmore, 4, and Rose Edwards, 3.

The bodies were found huddled side-by-side in the old icebox which locks from the outside.

He reported he saw some "very awesome and splendid sights." Awesome, he said, was the view of lightning flashing through thunderheads thousands of feet below him.

The most "splendid sight I ever saw in my life," Simons said, was the sunrise breaking over the horizon in a fantastic array of color. The sun rose at 4:45 a. m. where he flew, up didn't cast a ray on the earth below him until 6:30 a. m.

The sky during the daytime, he said, was purple-black. At night, the stars shone steadily, with not a twinkle.

## Air Force May Next Send Full Crew With Balloon Into Outer Atmosphere

FARGO, N. D. (AP)—Now that the Air Force has sent a balloonist 19 miles into the atmosphere the next step may be to send a four-man gondola to that height.

Col. John Stapp, boss of the one-man project, said Tuesday he would make the suggestion to the service. Stapp spoke after Maj. David G. Simons brought his huge plastic bag to earth in a flax field on the border between North and South Dakota.

Simons' long ride took him to altitudes over 100,000 feet in the sky. Stapp, of rocket sled fame, said the flight proved it is safe for many to fly to outer space.

Upon landing, Simons cut loose

the gondola and the balloon bil-  
lowed up again to an altitude of  
about 1,500 feet. It landed three  
miles to the west, where souvenir  
hunters later tore it to pieces.

Radar trackers estimated the  
balloon carried Simons to a re-  
cord-breaking 102,000 foot level. If  
confirmed by later calibration of  
instruments in the balloon, this  
would be 6,000 feet higher than  
Capt. Joseph Kittinger rose in  
June while testing equipment Simons  
used.

Information gained, he said, will  
push forward future manned mis-  
sile flights.

Flown to the Air Force's make-  
shift headquarters at the airport

here, Simons grabbed a pair of  
electric shavers, his tooth brush  
and a bar of soap and restored a  
little of the comfort he had missed  
since entering his tiny gondola  
Sunday night. He was then flown  
to Minneapolis for a long sleep.

Munching a hamburger, Simons,  
a native of Lancaster, Pa., called  
his wife at their home at Hollo-  
man Air Force Base, Alamogordo,  
N. M., where he is chief of space  
biology.

Suspended in a tiny aluminum  
capsule beneath the block-long bal-  
loon as it was launched from a  
huge, open pit iron mine at Cros-  
by, Minn., Monday morning, Sim-

ons floated lazily upward.

He reported he saw some "very  
awesome and splendid sights."

Awsome, he said, was the view  
of lightning flashing through  
thunderheads thousands of feet be-  
low him.

The most "splendid sight I ever  
saw in my life," Simons said,  
was the sunrise breaking over the  
horizon in a fantastic array of  
color. The sun rose at 4:45 a. m.  
where he flew, but didn't cast a  
ray on the earth below him until  
6:30 a. m.

The sky during the daytime, he  
said, was purple-black. At night,  
the stars shone steadily, with not  
a twinkle.

## Demonstration Club Members To Attend National Meeting

Fayette County Home Demonstration Club member, will attend the national home demonstration meeting in Columbus Sept. 8-11. The first Home Demonstration Council meeting Tuesday, the group planned to attend the Ohio Night program on Tuesday, Sept. 10, which will include a barbecue dinner and special program.

Mrs. Katherine Brittingham, supervisor of home economics extension in the Southwest District told the group of the many activities during the national meeting.

She said that about 500 Ohio women have been busy planning the event for several months and that more than 2,000 women are expected to attend. Reservations have been made from all over the United States.

Mrs. Brittingham also indicated the importance of the officers of the groups have in carrying out interesting and educational programs to each home demonstration club.

W. W. MONTGOMERY, Fayette County agent discussed the All-Ohio Pork Picnic to be held in Fayette County on Sept. 14th. The Council decided that about 50 home demonstration women would assume responsibility for serving the pork picnic.

## Stern Case Under Study By America

WASHINGTON (AP)—The United States wants to find out whether Martha Dodd Stern and her husband — both named as Russian spies — have renounced their American citizenship.

The couple recently obtained Paraguayan passports. They are now in Prague, capital of Communist Czechoslovakia, with their 12-year-old son.

A State Department spokesman was asked Tuesday about reports the couple relinquished U.S. citizenship before leaving Mexico.

"We have no information on that," the spokesman said. "We are looking into it."

Mrs. Stern is the daughter of the late William E. Dodd, U.S. ambassador to Germany from 1933 to 1938. Her husband is Alfred K. Stern, a former New York investment broker.

The House Committee on Un-American Activities said last Saturday the two were named as Soviet agents in testimony by Boris Morros, a counterspy for the FBI.

Before leaving Mexico, the Sterns had faced possible extradition to New York to testify at a federal grand jury investigation into espionage.

Yesterday, a spokesman for the U.S. Embassy at Prague said the Sterns arrived there July 21, and that Stern said they were tourists not fugitives. The embassy spokesman said Stern described the spy charges as fantastic.

The State Department says the couple applied for, but did not receive, U.S. passports in Moscow last year. Officials said the Sterns did not respond to a request to sign a non-Communist affidavit.

The boy was said to be "getting along well" at Mt. Carmel Hospital, where he is being treated for bruises. His parents expressed hope that he would be released from the hospital Wednesday afternoon.

Columbus police said the youth, Ray Barnes, 12, son of Mr. and Mrs. Roscoe Barnes of 2865 Sullivant Ave., had been rough-housing with other boys at the edge of Mount St., and had darted out into traffic. He ran in front of an auto operated by George Naylor of Washington C. H., and apparently hit the left side of the Stoughton car, police said.

2 \$2500 Diamonds Found in Park Lot

RUIDOS, N. M. (AP)—When Mrs. Forence Lewis stepped out of her car at a parking lot she almost stepped on a diamond ring.

She showed it to her husband and they decided there was a mate to it. Sure enough, less than a foot away was a diamond engagement ring.

A jeweler appraised the rings at \$2,500 each.

Notice of the rings being found was posted but officials say no one has even asked if the rings have been found.

## A-Energy Construction Given Nod

WASHINGTON (AP)—Congress has passed and sent to the White House a 352-million-dollar atomic energy construction bill. It includes authorization for a program of government-built atomic power reactors opposed by the administration.

Actual funds for projects authorized under the measure will be appropriated in a separate money bill which comes up for consideration today at a closed session of the House Appropriation Committee.

Both houses passed the compromise bill on voice votes yesterday. Most of the projects in the bill are noncontroversial, consisting of regular construction planned by the Atomic Energy Commission.

Senate Democrats sponsored the reactor program, which was reduced in scope in the compromise. As finally passed, the bill provides three million dollars each for planning two reactors—one at Hanford, Wash., and one in Idaho—and 15 millions for building an experimental plutonium recycle reactor at Hanford.

The measure also orders AEC to build small reactors for three rural power cooperatives and a municipal power group, and to make steam available to them at a price based on the cost in using conventional fuels.

## Cave Near Zanesville Yields Ancient Bones

ZANESVILLE (AP)—Human bones, believed to be more than a century old, were discovered by amateur explorers Tuesday.

James Davis, Bob Smith and Clyde Moore, all of Zanesville, said they saw the bones sticking out of the floor of a remote cave, six miles west of here.

They said they dug until a number of bones were uncovered. The bones will be turned over to the Ohio State Museum for study.

## Fractured Skull Said Death Cause

DAYTON (AP)—A fractured skull rather than drowning caused the death of 8-month-old Elza Vest Jr. of nearby West Carrollton, the Montgomery County coroner's office ruled Tuesday.

The infant was found face down in a dishpan full of water by his mother, Mrs. Elza Vest, 21, Monday. Authorities earlier believed the baby's 4-year-old brother drowned Elza, but an autopsy showed the baby had collapsed from a fractured skull before he hit the water. The mother said the infant was injured in a fall nearly a month ago.

## Alabama Negros Urged To Call Off Boycott

TUSKEGEE, Ala. (AP)—Dr. C. G. Gomillion, president of the Tuskegee Civic Assn., Tuesday night urged its members to obey a court order enjoining the TCA to halt a Negro boycott of white merchants here.

He read excerpts from the petition for the court decree filed by Atty. Gen. John Patterson, which said that boycotting Negroes were "causing permanent and irreparable damage to white businesses" and "trying to destroy the economy of an entire city."

## Stern Case Under Study By America

WASHINGTON (AP)—The United States wants to find out whether Martha Dodd Stern and her husband — both named as Russian spies — have renounced their American citizenship.

The couple recently obtained Paraguayan passports. They are now in Prague, capital of Communist Czechoslovakia, with their 12-year-old son.

A State Department spokesman was asked Tuesday about reports the couple relinquished U.S. citizenship before leaving Mexico.

"We have no information on that," the spokesman said. "We are looking into it."

Mrs. Stern is the daughter of the late William E. Dodd, U.S. ambassador to Germany from 1933 to 1938. Her husband is Alfred K. Stern, a former New York investment broker.

The House Committee on Un-American Activities said last Saturday the two were named as Soviet agents in testimony by Boris Morros, a counterespionage for the FBI.

Before leaving Mexico, the Sterns had faced possible extradition to New York to testify at a federal grand jury investigation into espionage.

Yesterday, a spokesman for the U.S. Embassy at Prague said the Sterns arrived there July 21, and that Stern said they were tourists not fugitives. The embassy spokesman said Stern described the spy charges as fantastic.

The State Department says the couple applied for, but did not receive, U.S. passports in Moscow last year. Officials said the Sterns did not respond to a request to sign a non-Communist affidavit.

struck a 12-year-old Columbus boy on Mount St. about two blocks from the stadium on the trip home. The boy was said to be "getting along well" at Mt. Carmel Hospital, where he is being treated for bruises. His parents expressed hope that he would be released from the hospital Wednesday afternoon.

Columbus police said the youth, Ray Barnes, 12, son of Mr. and Mrs. Roscoe Barnes of 2865 Sullivant Ave., had been rough-housing with other boys at the edge of Mount St., and had darted out into traffic. He ran in front of an auto operated by George Naylor of Washington C. H., and apparently hit the left side of the Stoughton car, police said.

## 2 \$2500 Diamonds Found in Park Lot

RUIDOS, N. M. (AP)—When Mrs. Forence Lewis stepped out of her car at a parking lot she almost stepped on a diamond ring.

She showed it to her husband and they decided there was a mate to it. Sure enough, less than a foot away was a diamond engagement ring.

A jeweler appraised the rings at \$2,500 each.

Notice of the rings being found was posted but officials say no one has even asked if the rings have been found.

## A-Energy Construction Given Nod

WASHINGTON (AP)—Congress has passed and sent to the White House a 352-million-dollar atomic energy construction bill. It includes authorization for a program of government-built atomic power reactors opposed by the administration.

Actual funds for projects authorized under the measure will be appropriated in a separate money bill which comes up for consideration today at a closed session of the House Appropriation Committee.

Both houses passed the compromise bill on voice votes yesterday. Most of the projects in the bill are noncontroversial, consisting of regular construction planned by the Atomic Energy Commission.

Senate Democrats sponsored the reactor program, which was reduced in scope in the compromise. As finally passed, the bill provides three million dollars each for planning two reactors—one at Hanford, Wash., and one in Idaho—and 15 millions for building an experimental plutonium recycle reactor at Hanford.

The measure also orders AEC to build small reactors for three rural power cooperatives and a municipal power group, and to make steam available to them at a price based on the cost in using conventional fuels.

## Cave Near Zanesville Yields Ancient Bones

ZANESVILLE (AP)—Human bones, believed to be more than a century old, were discovered by amateur explorers Tuesday.

James Davis, Bob Smith and Clyde Moore, all of Zanesville, said they saw the bones sticking out of the floor of a remote cave, six miles west of here.

They said they dug until a number of bones were uncovered. The bones will be turned over to the Ohio State Museum for study.

## Fractured Skull Said Death Cause

DAYTON (AP)—A fractured skull rather than drowning caused the death of 8-month-old Elza Vest Jr. of nearby West Carrollton, the Montgomery County coroner's office ruled Tuesday.

The infant was found face down in a dishpan full of water by his mother, Mrs. Elza Vest, 21, Monday. Authorities earlier believed the baby's 4-year-old brother drowned Elza, but an autopsy showed the baby had collapsed from a fractured skull before he hit the water. The mother said the infant was injured in a fall nearly a month ago.

# Little League 'Grads' Guests Of Rotarians

Columbus Recreation Supervisor Speaks At Club Luncheon

It was "Little League Baseball Day" at the Rotary Club luncheon meeting Tuesday at the Country Club.

The major league teams of the city were represented by the 12-year-old graduates of each team, all of whom received diplomas for their successful conclusion of their Little League careers. Approximately 60 diplomas were presented.

Managers of the major league teams present were Michael Harrison, Mac Dews Jr., Eddie Mitchell, John Breiner and Stan Mark; the only absentee was Charles Reinke.

Several of the minor league teams were represented by some of the players but only a few of the managers were present.

GEORGE FINLEY presented the diplomas to the graduates of the major league teams and announced that similar certificates also would be given later to graduates of the minor league.

He paid tribute to the various teams and said the spirit of good sportsmanship and general good conduct of the boys during the season just closed was worthy of much praise.

Finley also presented the special speaker for the day, Jerry Feddersen, a supervisor of recreation for the Columbus Recreation Department and director of the Columbus Little League. He has been associated with the recreation department in Columbus for the past six years.

Feddersen told of the benefits achieved in the last several years in many places through operation of Little League Baseball. "It has been proven to be one of the high points in community service," he declared.

He briefly related how people in many states had felt the need for a baseball organization which would capture the interest of young boys, at the same time be under control, well supervised to provide an opportunity in which boys could learn by experience the real meaning of good sportsmanship.

He stated that today the boys who are playing are more easily handled in many cases than are their over-enthusiastic parents.

THE OPPORTUNITY for boys of the 8-to-12-year age bracket who feel a yearning need for physical activity, is thus provided under constructive leadership, Feddersen said, and the results are believed to be almost immeasurable in the resulting effects.

He added that many believe that this movement in perhaps a different manner, can be extended soon to girls in the 8-to-12-year group.

Native of Germany Thinks It's All Very Wonderful

## Washington C.H. Called 'Best City in America'

"America is the best country I've lived in yet—and Washington C. H. is the best city in America."

That is how Mrs. Jesse Carter of Manhattan, Kan., the former Miss Hanno Weber, feels about it.

Mrs. Carter—then Miss Weber—came to this country from Germany in 1953 and spent her first year in the New World with Mr. and Mrs. Everett Ross, 420 E. Court St.

"I went back to Germany for three months in 1956," said Mrs. Carter, who here with her husband for a 10-day visit, "but I'm too much Americanized. I could never go back there to stay."

HER HUSBAND, Army Specialist First Class Jesse Carter, a Kansas native, adds: "We both like it here, so when I get out of the service, we'll probably come back here to live."

Mr. and Mrs. Ross sponsored Miss Weber when she left her homeland behind her and came here from across the sea.

She stayed at their home until just before her marriage, and she got her first job (waiting tables at a local restaurant) with the Rosses' help.

"There's so much more opportunity here, where money is easy, life is easy, people are easy. Life is so much happier here."

Mrs. Carter admitted that the Germany of 1956 bore little resemblance to the war-torn Germany of the late 40's and early 50's. "But still, they're working hard to get back on their feet. Everyone is

in some phase of activity that will equally meet their needs.

In all this, Feddersen stated, may be found a basic answer to the juvenile delinquency problem in affording youth of that age a positive and helpful relationship toward family, home and community.

MRS. MARION GAGE was welcomed back to the club as pianist after several weeks of absence.

President Robert Haigler announced that next week's Rotary speaker will be Richard Neff of Middletown, who received a Rotary scholarship for this district. He has been studying in France.

Guest Rotarians at the meeting were J. E. Whiteside, a pharmacist of Pinellas Park, Fla.; Selsor Fennell of Melbourne, Fla.; and Dr. Walter Felson of Greenfield.

Eldon Lightfoot of Winter Park, Fla., was a guest of Joe Campbell.

"When my husband gets out of the Army, we will be able to go

wherever we want, perhaps buy a house, and settle down. My father in Germany has worked at the same place for 37 years, so we can be called fairly well off. But he still has to pinch pennies."

Mrs. Carter recalled that during her visit home, her mother remonstrated about leaving on lights about the house. "I don't have to think about money that much here," she pointed out.

"As for Ohio—the people are wonderful and the countryside is beautiful. I'd like to come right back here," she said. Her husband assented, and both said they plan to "look this place

## Sewage Disposal Project Vital To This City

As one of the progressive moves to which Washington C. H. is now directing its attention, it seems probable that before the end of this year our city will have under construction a larger modern and efficient sewage treatment plant, one which will be ample to take care of this city's needs for at least 20 years on the basis of normal growth.

There must be no hesitation toward pushing this improvement; there is no alternative.

Unless the plans for this are carried out the city cannot abide by the order of the Ohio Water Pollution Control Board and would be subject to a fine of \$500 per day. Every citizen realizes this could prove costly indeed.

It is well that City Manager James F. Parkinson and members of the City Council have been making every possible effort toward accomplishment of this feature of the city improvement program. Time is money in this situation.

They have obeyed the state board's order to offer detailed plans and estimates and are now pushing this project which would end the city's violation of the state law, by construction which will meet the needs for elimination of present pollution of Paint Creek caused by incomplete treatment of the present city sewage disposal plant.

As has been generally known for a long time the disposal plant here has not fully answered federal and state government requirements.

It seems that our city's move has been well timed, since it appears probable that it can participate in the federal government's fund for the current year, set up by Congress in the amount of \$1,600,000.

to aid cities to the extent of 30 per cent of the cost of enlargement of plants to meet federal standards.

Washington C. H. has filed its complete application for \$160,000 on the estimated cost of the improvement here, \$533,000 according to plans and estimates of the engineering firm of Bird and Tietzel of Columbus, engaged for this work.

The City Council, out of money available for this use appropriated \$20,000, which together with the federal government's allotment, if granted, would reduce the city's cost to about \$350,000.

To meet this amount the city must issue and sell this amount of revenue bonds to be paid by sewage disposal rental charges, not taxes. This charge is estimated at approximately one cent increase per day over present rental charges, for the average family. As the years pass by and the bonds are paid, this rental cost under normal circumstances could be reduced.

The city's present permit to dump pollution into Paint Creek is to be definitely ended after a reasonable time for the improvement to be made. It cannot go on as usual much longer without severe penalty.

Under such conditions our city officials must be supported in their efforts to carry through this project as quickly as possible. It is in line with other progressive improvements which our city has undertaken in the past few years.

Only one thing could interfere with this project being started this year. That would be failure to receive the federal grant of \$160,000, which city officials are hopeful of obtaining by reason of their negotiations and efforts so far.

If this grant should not be made this year, it probably would mean a delay in the city's plans for another year.

## Quick First Aid Needed If Tot Eats Moth Balls

By HERMAN N. BUNDESEN, M.D.

TOO often moth balls are mistaken for candy by a mischievous youngster. Unless quick action is taken, the results might be fatal. Many moth balls and moth flakes contain naphthalene, a coal tar derivative. Toxic symptoms may be produced by as little as a single moth ball, about .5 of a gram.

### First Signs

The first signs of such poisoning generally are diarrhea, vomiting and development of a fever. If there is evidence that a moth ball is the source of the trouble, the best thing to do is to make the child vomit right away.

In fact, this is a pretty good rule to follow in most cases of poisoning. It's especially essential in the case of moth balls, however, since they are too large to be removed by lavage.

I've told you repeatedly the best method of making a child vomit. But memory on such matters generally is short, so I'll repeat it once more.

### Spanking Position

Place the youngster over your lap in a spanking position. Then run your index finger along the roof of his mouth and down the back of his throat.

In most instances, this brings quick results.

The next thing to do, of course, is to call the doctor.

Usually, anemia will develop within three to five days after the youngster swallows the poison.

Your doctor can administer packed red blood cells and correct the fluid balance. He can use ACTH or cortisone if it appears that hemolytic anemia might possibly develop.

### Recovery Probable

But unless the kidney has been damaged badly, your youngster can expect to recover.

As in the case of most accidents, it's a lot easier to prevent this from happening than it is to remedy the damage.

Treat moth balls and flakes like any other poison. Keep them well out of the reach of even the most adventuresome child.

## The Nation Today

Associated Press News Analyst

WASHINGTON — The soft spot in President Eisenhower's Middle East program shows up now in Syria, where pro-Soviet officers have grabbed control of the army.

That Eisenhower, program was intended to stop the spread of communism into the Middle East.

Eisenhower proposed in a special message to Congress Jan. 5, Congress approved it March 7 in the form of a resolution which would let him:

Give economic aid and arms to Middle East countries and use American armed forces there to stop Communist aggression if an attacked country asked for such help.

Confronted with this, Communists were not likely to take a chance on direct attack in the Middle East. But they still had an alternative: to try to take over from within by subversion or even military means.

And Eisenhower's program had no direct answer for the question: What does the United States do if the Communists in any one country—or in one country after another—seized power by subversion?

Now the United States and its allies seem puzzled what to do whether the pro-Soviet officers' control of the army has made

Syria a Russian satellite

Eisenhower never pretended his program had all the answers for keeping communism out of the area. But Secretary of State Dulles seemed more optimistic. At least he did one time and at another he didn't.

On Jan. 7, in an explanation to Congress of Eisenhower's program, Dulles pictured three perils from communism in the Middle East: outright armed attack, subversion and take-over by allure.

Dulles said the first threat

## Farmer Shuns Ohio Draft Call

TOLEDO — Mose Swartzentruber, 23, of Apple Creek in Wayne County waived examination before U. S. Commissioner John J. Barone Tuesday for failing to report in compliance with the Selective Service Act.

Swartzentruber, a farmer who says he is a conscientious objector, was ordered two weeks ago to report to the Wyandotte County home in Upper Sandusky to receive an assignment for agricultural work. He never showed up, said Assistant U. S. Atty. Clarence Condon.

Swartzentruber was sent to the Lucas County jail, spending an appearance in U.S. District Court.

would be met "if need be by the armed forces of the United States." He predicted the other two would be thwarted by increased confidence and anti-Communist vigilance resulting from the shield of U.S. military protection and ready economic aid.

But Syria never accepted any aid under the Eisenhower program. It was getting arms from Russia and recently signed an agreement with the Soviets to get economic assistance from them.

Thus any confidence the Syrians developed was in Russia, not in the United States.

But what was Dulles' solution if Communists, despite his optimism to the contrary, did get control of a Mideast nation? He had an answer for that too.

The United States, he said, would not invade such a country but would learn to live with it as the United States gets along with Communist Yugoslavia.

Tuesday the new Syrian army chief of staff, Maj. Gen. Afif Bizry deriding American leadership although speaking kindly of Eisenhower, accused this country of directing an assassination plot against members of the Syrian government.

Bizry was asked at a news conference in Syria if he was a Communist or pro-Soviet. He avoided a direct answer, but said: "Is it forbidden for a person to carry thoughts?"

## Justice and the Newspapers

By George Sokolsky

It used to be a truism in journalism that when a man bites a dog, it is news. Nothing was said about which one got the rabies.

The American Bar Assn. meeting in London must have been more than somewhat shocked listening to a British editor, Percy Hoskins, tell them how badly court news and particularly criminal news is reported in Great Britain where the courts close out free reporting of current trials, the ground that they are "sub judice." A reporter or editor can be held for contempt of court for doing his duty to the public.

The fundamental theory of judicial propriety in the United States is for a trial to be held publicly and to be reported freely so that the people may know what is going on. Also, it is hoped that free and open reporting will keep the judges honest and fair and will prevent them from making private deals.

The Chinese, who have had a very long experience with the law say that a judge is only honest if he accepts an equal bribe from each side. It is to be hoped that we do not reach such a condition in this country, although obviously if the doors are shut and the windows curtained, anything can happen, judges not being relieved of temptation on elevation to office.

In a characteristic British understatement, Hoskins asks: "Is it not the lesson of history that such systems (secret courts) can lead to grave abuse?" The answer, of course, must be that they do.

Hoskins said: "I do not think I am betraying any great secret when I say that journalists have never been over-

popular with politicians or judges. I think it might be taken as a safe rule that if journalists ever became too popular in these quarters the press would be falling down on its job. Of course the reason for our unpopularity with the politicians and judges is quite simple. They choose to claim that we are poaching on their preserves. And, of course, historically, this is quite true."

It might have been pointed out to Percy Hoskins that there is a trend in this country to prevent full and proper reporting of trials and to keep news photographers out of the courtroom altogether.

The theory is that because of zealous reporting, a jury is so well-informed about a case that it develops prejudices arising from newspaper and radio comment and therefore cannot be just. This concept is based upon the theory that Americans are dumb and that the more they know the less they understand.

Hoskins answers this by saying:

"The fact is also acknow-

## Sewage Disposal Project Vital To This City

As one of the progressive moves to which Washington C. There must be no hesitation toward pushing this improvement; there is no alternative.

Unless the plans for this are carried out the city cannot abide by the order of the Ohio Water Pollution Control Board and would be subject to a fine of \$500 per day. Every citizen realizes this could prove costly indeed.

It is well that City Manager James F. Parkinson and members of the City Council have been making every possible effort toward accomplishment of this feature of the city improvement program. Time is money in this situation.

They have obeyed the state board's order to offer detailed plans and estimates and are now pushing this project which would end the city's violation of the state law, by construction which will meet the needs for elimination of present pollution of Paint Creek caused by incomplete treatment of the present city sewage disposal plant.

As has been generally known for a long time the disposal plant here has not fully answered federal and state government requirements.

It seems that our city's move has been well timed, since it appears probable that it can participate in the federal government's fund for the current year, set up by Congress in the amount of \$1,600,000,

to aid cities to the extent of 30 per cent of the cost of enlargement of plants to meet federal standards.

Washington C. H. has filed its complete application for \$160,000 on the estimated cost of the improvement here, \$533,000 according to plans and estimates of the engineering firm of Bird and Tietzel of Columbus, engaged for this work.

The City Council, out of money available for this use appropriated \$20,000, which together with the federal government's allotment, if granted, would reduce the city's cost to about \$350,000.

To meet this amount the city must issue and sell this amount of revenue bonds to be paid by sewage disposal rental charges, not taxes. This charge is estimated at approximately one cent increase per day over present rental charges, for the average family. As the years pass by and the bonds are paid, this rental cost under normal circumstances could be reduced.

The city's present permit to dump pollution into Paint Creek is to be definitely ended after a reasonable time for the improvement to be made. It cannot go on as usual much longer without severe penalty.

Under such conditions our city officials must be supported in their efforts to carry through this project as quickly as possible. It is in line with other progressive improvements which our city has undertaken in the past few years.

Only one thing could interfere with this project being started this year. That would be failure to receive the federal grant of \$160,000, which city officials are hopeful of obtaining by reason of their negotiations and efforts so far.

If this grant should not be made this year, it probably would mean a delay in the city's plans for another year.

Rome's Fontana Sisters are coming out with the slanted neckline. For the lean type, no doubt.

The Fontana Sisters say the slanted neckline doesn't expose much, it's just that it's a brand new area. It may be new to them, but you can lay bets it'll be untanned.

Charles Martin Hall of Oberlin, Ohio, discovered the process for making aluminum cheaply by separating the aluminum from its ore electrically. Hall thus made available for industry a metal long known but little used.

when those who control its policies have few friends and avoid feelings of personal antagonism; and aloof, seeking no favors and granting none.

The best press was what used to be called the "yellow press," published in this country by such men as William Randolph Hearst, Joseph Pulitzer, James Gordon Bennett and similar battlers through life, men of unusual unpopularity who left behind them astounding heritages of uncompromising wars against those who held power by abusing the rights of others. They and their kind would not have tolerated the prissiness of judges who want newspapers to tell only of their small virtues.

## The Nation Today

Associated Press News Analyst

WASHINGTON (AP)—The soft spot in President Eisenhower's Middle East program shows up now in Syria, where pro-Soviet officers have grabbed control of the army.

That Eisenhower, program was intended to stop the spread of communism into the Middle East.

Eisenhower proposed in a special message to Congress Jan. 5, Congress approved it March 7, in the form of a resolution which would let him:

Give economic aid and arms to Middle East countries and use American armed forces there to stop Communist aggression if an attacked country asked for such help.

Confronted with this, Communists were not likely to take a chance on direct attack in the Middle East. But they still had an alternative: to try to take over from within by subversion or even military means.

And Eisenhower's program had no direct answer for the question: What does the United States do if the Communists in any one country—or in one country after another—seized power by subversion?

Now the United States and its allies seem puzzled what to do whether the pro-Soviet officers' control of the army has made

Syria a Russian satellite.

Eisenhower never pretended his program had all the answers for keeping communism out of the area. But Secretary of State Dulles seemed more optimistic. At least he did one time and at another he didn't.

On Jan. 7, in an explanation to Congress of Eisenhower's program, Dulles pictured three perils from communism in the Middle East: outright armed attack, subversion and take-over by allure.

Dulles said the first threat

## Farmer Shuns Ohio Draft Call

TOLEDO (AP)—Mose Swartzentruber, 23, of Apple Creek in Wayne County waived examination before U. S. Commissioner John J. Barone Tuesday for failing to report in compliance with the Selective Service Act.

Swartzentruber, a farmer who says he is a conscientious objector, was ordered two weeks ago to report to the Wyandotte County home in Upper Sandusky to receive an assignment for agricultural work. He never showed up, said Assistant U. S. Atty. Clarence Condon.

Swartzentruber was sent to the Lucas County jail, spending an appearance in U.S. District Court.

would be met "if need be by the armed forces of the United States." He predicted the other two would be thwarted by increased confidence and anti-Communist vigilance resulting from the shield of U.S. military protection and ready economic aid.

But Syria never accepted any aid under the Eisenhower program. It was getting arms from Russia and recently signed an agreement with the Soviets to get economic assistance from them.

Thus any confidence the Syrians developed was in Russia, not in the United States.

But what was Dulles' solution if Communists, despite his optimism to the contrary, did get control of a Mideast nation? He had an answer for that too.

The United States, he said, would not invade such a country but would learn to live with it, as the United States gets along with Communist Yugoslavia.

Tuesday the new Syrian army chief of staff, Maj. Gen. Afif Bizry deriding American leadership although speaking kindly of Eisenhower, accused this country of directing an assassination plot against members of the Syrian government.

Bizry was asked at a news conference in Syria if he was a Communist or pro-Soviet. He avoided a direct answer, but said: "Is it forbidden for a person to carry thoughts?"

## Women's Club Holds Meeting At Country Club

The August meeting of the Business and Professional Women's Club was held at the Country Club Tuesday evening. A ham dinner preceded the meeting during which Libby Yerian played at the piano.

The president, M. J. Marchant, conducted the business session and Miss Jeannette Haver read the Collect. Helen Slavens announced that the district meeting will be held in Washington C. H. Oct. 13, and Helen Whitfield announced that the annual card party will be held Sept. 26 at the Dayton Power and Light Co., auditorium.

Several members participated in the program on "Do It Yourself." Topics discussed were: "Healthful Habits and Personal Hygiene," by Miss Christine Evans; "Diet and Proper Food," by Jane Jefferson; "Posture," by Mrs. Edythe Craig; "Correct Color and Dress Style," by Ureel Hayes; and "Fashion in Hats," by Mrs. Mae Schleich.

Fall hats were modeled by Mrs. Mildred Rogers, Miss Helen Slavens, Mrs. Bea Slagle, Mrs. Leila Smith, Mrs. Peg Evans and Miss Marie Marchant.

The Health and Safety committee was in charge of the meeting. Mrs. Mildred Rogers, chairman, was assisted by Mrs. Roberta Stanforth, Mrs. Edith Acton, Miss Christine Evans, Miss Jeannette Haver, Miss Elizabeth Horney, Mrs. Mary Francis Kirk, Mrs. Ragna Markley, Miss Ada Rechenbach, Miss Mary Sauer and Mrs. Edith Theobald.

Out of town guests were from Xenia, Michigan and Canada.

**WARMTH IN LAYERS** is supplied in this B. H. Wragge costume geared to changes in temperature. The loose box jacket and slim skirt are in a banker's "jacquard tweed," and the pullover blouse is in blending wool jersey. The skirt has a new identification of a leather half-belt buttoned on in front.

## Personals

Miss Sue Huston, of New York City, is spending a week with her aunt, Mrs. N. M. Reiff. She came especially for the 87th birthday of her grandmother, Mrs. W. R. Huston.

Mrs. Darrell Coil and sons, Kurt and Michael, have returned home after visiting with Mrs. Coil's son-in-law and daughter, Mr. and Mrs. Arthur W. Haines, of Lynn, Mass. They also toured the New England states and visited Niagara Falls enroute home.

## Mrs. Gleadall Is Hostess at Circle Meeting

The Willing Workers Circle of Sugar Grove Methodist Church met at the home of Mrs. Richard Gleadall Monday night.

The president, Mrs. Paul Brunner, opened the meeting with a reading "Not Less Than Stars."

Mrs. Wesley Thatcher used as her devotional theme "Does Jesus Live in Your House?" Mrs. Norman Merritt read an article entitled "Home" and Mrs. Gleadall read from the "Book of Luke."

Mrs. Merritt distributed programs which she had made listing the coming year's activities.

Mrs. Frank Berry gave a resume of the August issue of "Christian Home" after which a discussion period was held on "Study Guide for Parents."

Mrs. Harold Huges offered the closing prayer.

During the social hour the hostess served refreshments to the following members, Mrs. Brunner, Mrs. Richard Miller, Mrs. Thatcher, Mrs. Merritt, Mrs. Emerson Carter, Mrs. Berry, Mrs. Huges, Mrs. Willard Browder, Mrs. Gene Juillrat and Mrs. Richard Babb. The September meeting will be held at the home of Mrs. Berry.

## Sorority Group Meets Monday At Allen Home

Members of the Xi Beta Psi Chapter of Beta Sigma Phi sorority met Monday night at the home of Mrs. Robert Allen.

The opening ritual, led by the president, Mrs. Edward Sexton, was repeated by the group. Mrs. Sexton read a letter from Mr. Jack Ross, who is the son of the founder of the organization, congratulating the chapter for being a three star chapter last year.

A letter received from the Retarded Children's Council was read by Mrs. George Kuhlwein. A project was discussed, the proceeds of which will be given to the council.

Mrs. Ray Jennings reported on the dance that the group sponsored at the City Park.

Mrs. Allen and Mrs. Ruth Glass were in charge of the cultural program. Mrs. Allen's topic was "Let's Think about Thinking." Each member was asked to relate her first thoughts on awakening in the morning. Mrs. Allen pointed out that the greatest threat to our economy in these days of more leisure time is boredom, unless people teach themselves to think and use their time constructively. She said the greatest responsibility to their children is to teach them to think and do for themselves. Mrs. Allen then read excerpts of Dr. Norman Vincent Peale's book, "The Power of Positive Thinking."

Mrs. Glass spoke on the stimulus to thought and told how a person, thinking is influenced by newspapers, radio and TV.

The next meeting will be held at the home of Mrs. Floyd West. Each member is to take a sack lunch and sales tax stamps.

## Group Observes Family Birthdays

Mr. and Mrs. Richard Stout and sons, of Grove City, entertained with a dinner Sunday to celebrate the birthdays of members of the family observed during August.

Those present were: Mr. and Mrs. Clarence L. Campbell, Mr. and Mrs. George W. Campbell, and son, John, Mr. and Mrs. Harry H. Campbell, and children, Mickey and Nancy, Mr. and Mrs. Howard Dellinger, Mrs. Naomi Reif and daughter, Lorna Jo, Miss Clara Davis, Mr. Charles Campbell, and Mr. and Mrs. Donald Dunn and daughter, Deborah, all of Washington C. ### Miss Clifton Entertains Friends Sunday

A program of songs was presented by Miss Georgia Ann Clifton, who is a 1957 graduate of New Holland High School, at the home of her voice, piano and theory teacher, Mrs. Robert E. Willis, Sunday afternoon. Miss Clifton's mother, Mrs. Charles Clifton, was hostess for the occasion.

Mr. David Foster, son of Mr. and Mrs. Howard Foster, of Bloomingburg, accompanied Miss Clifton at the piano. Mr. Foster will be a senior student at Oberlin Conservatory of Music this fall, and Miss Clifton will enter Wilmington College.

The program consisted of the following songs: "The Lord's Prayer" by Forsythe; "Prayer Perfect" by Stinson; "O Let Us Sing of the Love of John" and "I Could Be the Lowly Fern" both 18th Century French; "Cuckoo Clock" by Paganucci; "O Lovely Night," "Through the Years," "This Little Rose," "I Whistle a Happy Tune," "When You Wish upon a Star," "I Could Have Danced All Night," "Come Back to Sorrento," "With a Smile and a Song" and "Say You Will Not Forget."

After the program, tea was served on the lawn by Mrs. Clifton assisted by her daughter, Mary, her sister, Mrs. Ward Little, of Jamestown, and an aunt, Mrs. Percy May, of New Holland.

The Misses Joy Hosler and Ann Briggs ushered and served at the tea table and Steven Herbert and Gary Ware received the guests at the door.

The August meeting of the Business and Professional Women's Club was held at the Country Club Tuesday evening. A ham dinner preceded the meeting during which Libby Yerian played at the piano.

The president, Mrs. Marchant, conducted the business session and Miss Jeannette Haver read the Collect. Helen Slavens announced that the district meeting will be held in Washington C. H. Oct. 13, and Helen Whitfield announced that the annual card party will be held Sept. 26 at the Dayton Power and Light Co., auditorium.

Several members participated in the program on "Do It Yourself." Topics discussed were: "Healthful Habits and Personal Hygiene," by Miss Christine Evans; "Diet and Proper Food," by Jane Jefferson; "Posture," by Mrs. Edythe Craig; "Correct Color and Dress Style," by Ureel Hayes; and "Fashion in Hats," by Mrs. Mae Schleich.

Fall hats were modeled by Mrs. Mildred Rogers, Miss Helen Slavens, Mrs. Bea Slagle, Mrs. Lela Smith, Mrs. Peg Evans and Miss Marie Marchant.

The Health and Safety committee was in charge of the meeting. Mrs. Mildred Rogers, chairman, was assisted by Mrs. Roberta Stanforth, Mrs. Edith Acton, Miss Christine Evans, Miss Jeannette Haver, Miss Elizabeth Horney, Mrs. Mary Francis Kirk, Mrs. Ragna Markley, Miss Ada Rechenbach, Miss Mary Sauer and Mrs. Edith Theobald.

Out of town guests were from Xenia, Michigan and Canada.

WARMTH IN LAYERS is supplied in this B. H. Wragge costume geared to changes in temperature. The loose box jacket and slim skirt are in a banker's "jacquard tweed," and the pullover blouse is in blending wool jersey. The skirt has a new identification of a leather half-belt buttoned on in front.

## Personals

Miss Sue Huston, of New York City, is spending a week with her aunt, Mrs. N. M. Reiff. She came especially for the 87th birthday of her grandmother, Mrs. W. R. Huston.

Mrs. Darrell Coil and sons, Kurt and Michael, have returned home after visiting with Mrs. Coil's son-in-law and daughter, Mr. and Mrs. Arthur W. Haines, of Lynn, Mass. They also toured the New England states and visited Niagara Falls enroute home.

## Mrs. Gleadall Is Hostess at Circle Meeting

The Willing Workers Circle of Sugar Grove Methodist Church met at the home of Mrs. Richard Gleadall Monday night.

The president, Mrs. Paul Brunner, opened the meeting with a reading "Not Less Than Stars."

Mrs. Wesley Thatcher used as her devotional theme "Does Jesus Live in Your House?" Mrs. Norman Merritt read an article entitled "Home" and Mrs. Gleadall read from the "Book of Luke."

Mrs. Merritt distributed programs which she had made listing the coming year's activities.

Mrs. Frank Berry gave a resume of the August issue of "Christian Home" after which a discussion period was held on "Study Guide for Parents."

Mrs. Harold Huges offered the closing prayer.

During the social hour the hostess served refreshments to the following members, Mrs. Brunner, Mrs. Richard Miller, Mrs. Thatcher, Mrs. Merritt, Mrs. Emerson Carter, Mrs. Berry, Mrs. Huges, Mrs. Willard Browder, Mrs. Gene Jullivat and Mrs. Richard Babb.

The September meeting will be held at the home of Mrs. Berry.

## Sorority Group Meets Monday At Allen Home

Members of the Xi Beta Psi Chapter of Beta Sigma Phi sorority met Monday night at the home of Mrs. Robert Allen.

The opening ritual, led by the president, Mrs. Edward Sexton, was repeated by the group. Mrs. Sexton read a letter from Mr. Jack Ross, who is the son of the founder of the organization, congratulating the chapter for being a three star chapter last year.

A letter received from the Retarded Children's Council was read by Mrs. George Kuhlwein. A project was discussed, the proceeds of which will be given to the council.

Mrs. Ray Jennings reported on the dance that the group sponsored at the City Park.

Mrs. Allen and Mrs. Ruth Glass were in charge of the cultural program. Mrs. Allen's topic was "Let's Think about Thinking." Each member was asked to relate her first thoughts on awakening in the morning. Mrs. Allen pointed out that the greatest threat to our economy in these days of more leisure time is boredom, unless people teach themselves to think and use their time constructively. She said the greatest responsibility to their children is to teach them to think and do for themselves. Mrs. Allen then read excerpts of Dr. Norman Vincent Peale's book, "The Power of Positive Thinking."

Mrs. Glass spoke on the stimulants to thought and told how a person, thinking is influenced by newspapers, radio and TV.

The next meeting will be held at the home of Mrs. Floyd West. Each member is to take a sack lunch and sales tax stamps.

## Group Observes Family Birthdays

Mr. and Mrs. Richard Stout and sons, of Grove City, entertained with a dinner Sunday to celebrate the birthdays of members of the family observed during August.

Those present were: Mr. and Mrs. Clarence L. Campbell, Mr. and Mrs. George W. Campbell, and son, John, Mr. and Mrs. Harry H. Campbell, and children, Mickey and Nancy, Mr. and Mrs. Howard Dellinger, Mrs. Naomi Reif and daughter, Lorna Jo, Miss Clara Davis, Mr. Charles Campbell, and Mr. and Mrs. Donald Dunn and daughter, Deborah, all of Washington C. H., and Mrs. Harry H. Campbell, of Mt. Sterling.

## Miss Clifton Entertains Friends Sunday

A program of songs was presented by Miss Georgia Ann Clifton, who is a 1957 graduate of New Holland High School, at the home of her voice, piano and theory teacher, Mrs. Robert E. Willis, Sunday afternoon. Miss Clifton's mother, Mrs. Charles Clifton, was hostess for the occasion.

Mr. David Foster, son of Mr. and Mrs. Howard Foster, of Bloomingburg, accompanied Miss Clifton at the piano. Mr. Foster will be a senior student at Oberlin Conservatory of Music this fall, and Miss Clifton will enter Wilmington College.

The program consisted of the following songs: "The Lord's Prayer" by Forsythe; "Prayer Perfect" by Stinson; "O Let Us Sing of the Love of John" and "I Could Be the Lowly Fern" both 18th Century French; "Cuckoo Clock" by Paganucci; "O Lovely Night," "Through the Years," "This Little Rose," "I Whistle a Happy Tune," "When You Wish upon a Star," "I Could Have Danced All Night," "Come Back to Sorrento," "With a Smile and a Song" and "Say You Will Not Forget."

After the program, tea was served on the lawn by Mrs. Clifton assisted by her daughter, Mary, her sister, Mrs. Ward Little, of Jamestown, and an aunt, Mrs. Percy May, of New Holland.

The Misses Joy Hosler and Ann Briggs ushered and served at the tea table and Steven Herbert and Gary Ware received the guests at the door.

## Mr. McDaniel Honored Sunday

A group of relatives and friends met Sunday at the home of Mr. and Mrs. Blaine McDaniel in observance of Mr. McDaniel's birthday.

Super guests included: Mr. and Mrs. Lester Estel, Mr. Kenneth McDaniel, Mr. and Mrs. Allen McDaniel and son, Butch, Mr. and Mrs. Manuel Ward and children, Patsy Ann, Diane and Randy, Mr. and Mrs. Pearl McBee, Mr. Robert McDaniel, Mr. and Mrs. Arthur McBee and daughter, Rebecca, Mr. and Mrs. Charles Young and children, Ruth, Carolyn, Sharon, Mike and Kerry, Mr. and Mrs. Laurence Smith and daughter, Donna Jean, and Mr. Richard Thornberry, all of Jeffersonville; Mr. Raymond Hart, of Newark; Mrs. Effie Shane, of Jamestown; Mr. and Mrs. Walter Crawford and sons, Jerry, Jackie and Ronnie, of Mt. Sterling; Mr. and Mrs. Paul Rittenhouse and daughters, Patty, Nancy and Pamela, of Mansfield; Mr. and Mrs. Charles Young Jr., and son Jeffrey of Dayton; Mr. and Mrs. William Luft and children, Joyce and Jerry, of Washington C. ## Business Angles Seen in Trends Within Baseball

Transfer of Giants  
To Frisco Tied to  
Inflation, Living Cost

By SAM DAWSON  
NEW YORK (AP)—Big baseball like big business is changing with the times.

Regional differences are disappearing for many lines of making money. Space is contracting. New markets have opened up since the war — for baseball as well as for business — and old ones shriveled.

Back of the move of the Giants from New York to San Francisco are such business-type forces as inflation, the high cost of living, the high cost of doing business, major advances in transportation, the impact of new industries like television competing for the consumer dollar.

Changing habits of the consumers, including the family car and the new cult of togetherness, play a big part. Participation sports, like boating, bring increasing sales to many industries — but less attendance for spectator sports.

Inflation is in the picture because the costs of running a big league baseball team have gone up, just as costs for any other type of business have.

Unfortunately, gate receipts have followed a different path. The rising cost of living may play a part in that. After settling all the family bills there may be little left over for a trip to the ball park — especially if your wife remarks coldly you could get the same result by switching on the TV set.

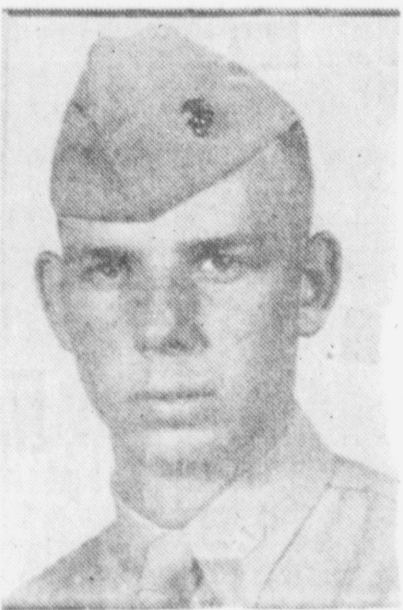

So the Giants are seeking fresh fields with less jaded fans. And the Brooklyn Dodgers may shortly follow them to the West Coast.

Home game attendance for the Giants has dropped from 1,600,793 in 1947 to 629,179 last year. This year it is running farther behind. The Dodgers scored a high of 1,807,526 home game attendance in 1947 and a low of 1,033,589 in 1955. It picked up last year but is trailing again now.

The Giants took in about 2 1/2 million dollars last year. It is estimated that one million of that came from home game admissions, \$600,000 from TV rights and \$300,000 from concessions and the like.

Home game admissions brought the Dodgers around two million dollars — TV \$750,000, and the World Series \$295,000.

The money problem isn't con-

OFFICER TRAINEE - Loren A. Cartwright, son of Mr. and Mrs. Lloyd H. Cartwright, Route 5, has completed six weeks of officer training at the Marine Corps Schools, Quantico, Va. As a member of the Platoon Leaders Class, he will be eligible for appointment as a second lieutenant in the Marine Corps upon completion of college. This was his second and final summer of training at Quantico.

finited to the New York teams. Estimates of the total income of the 16 major league clubs run under 40 million dollars. Operating expenses and taxes bring profits down to about four million dollars.

Right after the war attendance at the major league parks topped 20 million. It has fallen to around 16 million a year. Loss of gate receipts have been offset only in part by sale of TV and radio rights.

The West Coast is sure it can supply the fans to fill the big new stadiums it plans.

But there are some sizable money matters to be cleared up. The National League or the Giants may have to pay one million dollars in damages to the Pacific Coast League for invading the West Coast. The San Francisco Seals franchise can cost the Giants \$125,000.

It may be a sport—and in fact times it's hard to tell it from a business.

### \$750,948 TB Fund Returned

COLUMBUS (AP)—The state auditor has returned to the Ohio treasury \$750,948 in unspent tuberculosis subsidy funds and recommended the money be transferred for general fund operations.

The auditor said that during the two-year period ending last June 30, there was a balance of \$931,000 in the fund that subsidizes county tuberculosis sanatoriums. He returned most of that to the treasury. The unspent money results from a steady decline in claims for tuberculosis subsidy payments.

## Washington C. H. Drug Stores Have Flu Vaccine on Order

A survey of Washington C. H. drugstores Wednesday indicated that all have standing orders with their suppliers for vaccine to combat an expected outbreak of Asiatic influenza this fall and winter.

One pharmacist reported that he had already received two vials of the vaccine which he had delivered to the physician who ordered it. The latter told the Record-Herald, that he had vaccine for 10 patients, "but I have at least 14 waiting the inoculation."

Most physicians, it was learned, have placed orders with suppliers and all manufacturers have promised delivery by the first or middle of September.

AT LEAST six large manufacturers are currently producing the vaccine. The Eli Lilly Co. has advised that they will be producing in excess of a million doses each week by the end of September. All authorities contend that by the middle of September the production problem will be licked.

Dr. Leroy E. Burney, U. S. surgeon general testified before a U. S. Senate committee this week that the Public Health Service estimates that the country could have as many as 33 million ill with the new strain of flu this fall and winter.

Following Dr. Burney's testimony, the Senate appropriated \$800,000 to battle the threatened epidemic.

Dr. Burney reported further that the Public Health Service believes the new influenza is well seeded throughout the entire country at this time. He reported that from 20,000 to 25,000 cases have been reported since June 1.

THE DISEASE spreads quickly, according to public health surveys. Presuming the disease hit San Francisco in epidemic proportions, the peak of the disease would be evident in Boston in four weeks time.

The new vaccine is about 70 per cent effective, government reports indicate.

A single injection of the vaccine protects for about a year, public health officials say. The inoculation must be given before the case comes on at. It takes 10 to 14 days for the vaccine to reach its effective peak.

## Patience Brings Pitcher No-Hitter

CHICAGO (AP)—Everything seems to come late for Bob Keegan, 36-year-old Chicago White Sox pitcher who Tuesday night twirled a 6-0 no-hit victory over the Washington Senators.

Keegan, who didn't break into the majors until he was 31, doesn't "mind waiting."

"You just have to hang in there and the breaks will come your way," said Bob after pitching his masterpiece.

He faced only 28 batters, walked two and struck out one in pitching the only no-hitter of the major league season.

Most physicians, it was learned, have placed orders with suppliers and all manufacturers have promised delivery by the first or middle of September.

AT LEAST six large manufacturers are currently producing the vaccine. The Eli Lilly Co. has advised that they will be producing in excess of a million doses each week by the end of September. All authorities contend that by the middle of September the production problem will be licked.

Dr. Leroy E. Burney, U. S. surgeon general testified before a U. S. Senate committee this week that the Public Health Service estimates that the country could have as many as 33 million ill with the new strain of flu this fall and winter.

Following Dr. Burney's testimony, the Senate appropriated \$800,000 to battle the threatened epidemic.

Dr. Burney reported further that the Public Health Service believes the new influenza is well seeded throughout the entire country at

this time. He reported that from 20,000 to 25,000 cases have been reported since June 1.

THE DISEASE spreads quickly, according to public health surveys. Presuming the disease hit San Francisco in epidemic proportions, the peak of the disease would be evident in Boston in four weeks time.

The new vaccine is about 70 per cent effective, government reports indicate.

A single injection of the vaccine protects for about a year, public health officials say. The inoculation must be given before the case comes on at. It takes 10 to 14 days for the vaccine to reach its effective peak.

## Patience Brings Pitcher No-Hitter

CHICAGO (AP) — Everything seems to come late for Bob Keegan, 36-year-old Chicago White Sox pitcher who Tuesday night twirled a 6-0 no-hit victory over the Washington Senators.

Keegan, who didn't break into the majors until he was 31, doesn't "mind waiting."

"You just have to hang in there and the breaks will come your way," said Bob after pitching his masterpiece.

He faced only 28 batters, walked two and struck out one in pitching the only no-hitter of the major league season.

## Musial Shows Kids How To Help Cardinals

### 'The Man' After His 7th Bat Crown—Also Keeps St. Louis Hopes Alive

By THE ASSOCIATED PRESS  
Stan Musial, who at 36 calls himself "just a struggling old man," is showing the kids how it's done as he goes for a seventh batting crown while keeping the St. Louis Cardinals alive in the National League race.

The Man, who last won the title in 1952 for a three-year run at the top, was 5-for-7, including a pair of home runs, as the Cards swept a two-night pair at New York with 4-3 and 3-2 victories.

That burst added six points to Musial's average and put him at .339 while his pursuers sagged. The Giants' Willie Mays was 2-for-7 for .327; Pittsburgh's Dick Groat was 0-for-4 for .327.

The Milwaukee Braves scored twice in the ninth and beat Pittsburgh 3-1. That left Milwaukee six games ahead of St. Louis.

Third-place Brooklyn, seven games back, took two from the Cincinnati Redlegs, winning 11-5 and 6-5, in 12 innings. The Chicago Cubs split a pair at Philadelphia, winning 5-2 after a 2-1, 10-inning defeat.

In the American, Bob Keegan became the first Chicago White Sox pitcher to gain a no-hitter in 20 years, beating Washington 6-0 after the Senators had taken the first game of the two-nighter 5-4. The New York Yankees were shut out for only the second time this season, 1-0 at Kansas City despite Bob Turley's two-hitter.

The AL bat race saw the leaders go hitless. Boston's Ted Williams stands at .390 after going 0-for-2 in a 5-4 Cleveland victory. Yankee Mickey Mantle, 0-for-4, is at .381.

Detroit defeated Baltimore 5-1 in the other AL game.

Musial's 28th homer, with a man on, hauled the Cards from behind in the nightcap and they then nailed it in the ninth against Johnny Antonelli as Walker Cooper tripled and Don Blasingame singled. Bonus kid Von McDaniel won it.

Musial and Ken Boyer homered to get the Cards started in the opener, but it was Eddie Kasko's first major league home run that wrapped it up. It came with a man on off losing reliever Jim Constance. Sam Jones won his 10th.

The Braves were held to three hits and an unearned run for eight innings by Vern Law, then went to work on reliever Luis Arroyo and Elroy Face as Red Schoendienst singled and scored the clincher on Ed Mathews' triple. Warren Spahn won his 15th with a seven-hitter.

Duke Snider, who had hit a three-run homer to open a five-run third in the opener, socked his 33rd home run for the Dodgers' nightcap clincher. Gil Hodges also homered in the second game for the Brooks with Don Drysdale winning his 11th in relief. Johnny Klippstein lost it.

Hodges' RBI single gave the Dodgers a 6-5 lead in the opener, but they then went on to add four in the eighth off Raul Sanchez. Ed Roebuck won with three-hit pitching in five relief innings and also hit his first major league homer.

Keegan, a 36-year-old right-hander who has only an 8-6 record, walked two and struck out one while facing only 28 men. It was the first no-hitter of the year in the majors.

The Sox, who blew a 4-1 lead in the opener as Ed Fitz Gerald homered off reliever Jack Harshman to nail it for the Nats in the eighth, backed Keegan with five runs in the third inning, with Larry Doby's one-on homer capping the spurt.

Ex-Yankee Ralph Terry won his fourth while blanking New York on a six-hitter for the A's. Turley, 10-4, lost it in the fifth or a double by Woody Held, another former

## Redleg Power Missing as Bums Win 2

BROOKLYN (AP)—The Cincinnati Redlegs, once boasting a powerhouse crew of sluggers, are beginning to get outpitched as out-pitched.

The Brooklyn Dodgers hammered this point home forcefully Tuesday night with an 11-5, 6-5 sweep of a two-night doubleheader.

In the process, the Dodgers lashed 14 hits in the opener, and 13 in the nightcap.

It was again strong evidence of the difficulties of the Reds' over-worked pitching corps.

Eight Cincinnati hurlers saw action—five in the opener, which the Dodgers cracked open with a four-run eighth inning.

Raul Sanchez, the non-English-speaking Cuban, got into trouble in the eighth, leading the bases on walks, giving up a two-run single to Charlie Neal and a run-making single to Pee-wee Reese before he was lifted.

Sanchez also gave up a home run to pitcher Ed Roebuck, his first as a major leaguer.

Sanchez had been the target of some psychological warfare by Brooklyn, centering on his habit of going to his mouth frequently. Redleg Manager Birdie Tebbetts even visited the mound once, bringing along Vicente Amor, as interpreter.

The nightcap was a tighter game, going 12 innings before Duke Snider homered.

## National League May Book More Double-Headers in '58

CINCINNATI (AP)—National League baseball players may be playing more doubleheaders, but getting more days off next season, if projected shifts of two teams to the West Coast go through.

The players may find their series stretch to as many as five or more games in a row.

These are some of the provisions of a 1958 rough draft schedule that League President Warren Giles sent to club owners earlier this week.

This proposal assumes that westward shifts will go through for the New York Giants, who Monday said they want to move to San Francisco, and the Brooklyn Dodgers, who have yet to formally say whether they intend to shift to Los Angeles.

Giles said the "economics of travel" may be the deciding factor in the new schedule, which would divide the league into East and West sections.

The lineup is this way: The East is Philadelphia, Pittsburgh, Cincinnati and Milwaukee; the West is San Francisco, Los Angeles, St. Louis and Chicago.

The proposed schedule would give an eastern section team, for example Philadelphia, only three Western trips, but among other Eastern teams, the Phillies would make four swings.

Similarly, a Western team like

the San Francisco Giants would make three Eastern trips, but four tours among other Western teams.

Under the present schedule, each team journeys to another team's city four times each season.

Giles said: "We can do it that way or we can have only three trips. I have looked at four different drafts already."

"And I have one on my desk now in case just San Francisco is brought into the league and another for just Los Angeles."

The fewer trips "would be the most economical on mileage," Giles said. "But it would extend a series; instead of two or three games as it is now, there would be three or four or perhaps more than five. There are a lot of variations."

"It looks like a question of whether the clubs believe a shorter series compensates for the added travel."

He said that the greater distances will mean more off-days on team shifts, and more double-headers.

"There has to be an off-day when the East section moves West and vice versa," Giles said. "You can't play a night game in Philadelphia, for example, and then fly to San Francisco for a series without a day off."

The league has figured the extra travel cost will average \$10,000 to \$11,000 for each team.

Giles said: "They will have to draw more people at San Francisco and Los Angeles than they did at New York and Brooklyn to compensate."

In any case, the National League season will be the same length—24 weeks, with 154 games for each team.

Giles said the league adjusts its schedules with the American League, "particularly with Chicago to consider, in order not to have Chicago Cubs games conflict with the White Sox."

Favored in the big event are Dan Orlich of Reno, Nev., the 1956 champion; Fred Waldoock Jr. of Sandusky, Ohio, winner in 1953; Vic Reinders of Waukesha, Wis., a college professor who has never won it; Joe Hiestand, the Hillsboro, Ohio farmer, a four-time winner, and Ned Lilly of Stanton, Mich., who spread his championships from 1933 to 1935.

Orlich and Hiestand tied at 199 Tuesday with George Newmaster of Lebanon, Pa., and George Babcock of Culver, Ind., for the Class AA championship, the day's top prize. All but Babcock were still shooting today to decide the laurels after the other three had broken 50 straight in an extra shoot-off.

SEATTLE (AP)—A blackout exists for Thursday night's world heavyweight title fight between champion Floyd Patterson and challenger Pete Rademacher, the Olympic gold medal winner.

For the first time since 1921 when Jack Dempsey and Georges Carpentier fought, there will be neither a radio broadcast nor telecast.

Promoter Jack Hurley declared this bout strictly was for the paying customers; he termed TV viewers "freeloaders."

## Heavyweights Resting for Bout Thursday

SEATTLE (AP)—While the boxing world still seethed and fumed today over Thursday's world heavyweight title fight between champ amateur Pete Rademacher, the word for the two principals was "unconcerned."

Their training ended, both made this a day of rest.

Patterson loafed at the quiet resort on Star Lake, 20 miles south of Seattle, where he has headquartered during his get-ready program.

Rademacher, admitting he is "just a country boy," lolled around the house at North Bend, Wash., where he has lived for the last two weeks. He is the first to step out of the amateur ranks into a championship bout.

Cus D'Amato, Patterson's manager, said his titleholder probably will be at his heaviest for this fight. The former middleweight weighed 183½ when he met Tommy Jackson last month and D'Amato expects him to be a few pounds heavier for Rademacher.

The champ amateur, who has no manager and does his own talking, expects to weigh 210.

The 25,000-seat Seattle Stadium has been scaled to bring in \$400,000 at \$20-\$15-\$10. With about \$200,000 in the till now and the "cheap seats" not going on sale until Thursday, prospects are good for a near sellout. In case of rain, Friday night has been set as the postponement date.

BROOKLINE, Mass. (AP)—Bill Talbert, Mrs. Midge Buck and Gardner Mulloy are proving there is no substitute for experience in the National Doubles Tennis meet.

Talbert, non-playing captain of the U.S. Davis Cup team, joined forces with Gil Shea and trimmed two of his youthful prize pupils, Sammy Giammalva and Barry Mackay, 9-7, 7-5, 4-6, 4-6, 9-7.

On the same second round program at Longwood Tuesday, Mrs. Buck, 48-year-old National Women's Senior Singles champion, and 43-year-old Mrs. Kay McKean up-ago to consider, in order not to have Chicago Cubs games conflict with the White Sox."

## Youth Pacing Jaycee Test

COLUMBUS (AP)—A rangy 16-year-old youth from Watertown, Conn., moved into the favorite's role today as medal play opened in the 12th annual International Jaycee junior golf tournament.

Blond, crew-cut William Salvatore was tabbed by tournament officials "as the player to beat." He led a field of 103 entries into the 72-hole four-round tourney which runs through Saturday.

Salvatore, performing well under pressure, shaved a stroke off par Tuesday with an impressive 71 to cop medalist honors in a two-day 36-hole qualifier. The test cut the starting field of 196 entries from every state in the nation, Hawaii and the District of Columbia.

Salvatore, Connecticut's Jaycee champion and junior crown-holder, added the 71 to Monday's 74 for a 145 score, four strokes better than his nearest rivals.

He fashioned his 34-37-71 over

Ohio State University's 6,810-yard par 72 layout. Salvatore was the only golfer in the two-day competition able to crack par on the tricky course.

His 71 pushed him ahead of Monday's early leaders, four of whom were bracketed with 73s.

David Boyd of Jacksonville, Fla., and Jimmy Gabrielson of Athens, Ga., an early leader, settled for runner-up honors with 149 totals.

Jackie Nicklaus, Columbus, Ohio, the early favorite, finished in a two-way deadlock for fourth place with David Leon of Tucson, Ariz. Both turned in 150s.

The Milwaukee Braves scored twice in the ninth and beat Pittsburgh 3-1. That left Milwaukee six games ahead of St. Louis.

Third-place Brooklyn, seven games back, took two from the Cincinnati Redlegs, winning 11-5 and 6-5, in 12 innings. The Chicago Cubs split a pair at Philadelphia, winning 5-2 after a 2-1, 10-inning defeat.

In the American, Bob Keegan became the first Chicago White Sox pitcher to gain a no-hitter in 20 years, beating Washington 6-0 after the Senators had taken the first game of the twin-nighter 5-4.

The New York Yankees were shut out for only the second time this season, 1-0 at Kansas City despite Bob Turley's two-hitter.

The AL bat race saw the leaders go hitless. Boston's Ted Williams stands at .390 after going 0-for-2 in a 5-4 Cleveland victory. Yankee Mickey Mantle, 0-for-4, is at .381.

Detroit defeated Baltimore 5-1 in the other AL game.

Musial's 28th homer, with a man on, hauled the Cards from behind in the nightcap and they then nailed it in the ninth against Johnny Antonelli as Walker Cooper tripled and Don Blasingame singled. Bonus kid Von McDaniel won it.

Musial and Ken Boyer homered to get the Cards started in the opener, but it was Eddie Kasko's first major league home run that wrapped it up. It came with a man on off losing reliever Jim Constance. Sam Jones won his 10th.

The Braves were held to three hits and an unearned run for eight innings by Vern Law, then went to work on reliever Luis Arroyo and Elroy Face as Red Schoendienst singled and scored the clincher on Ed Mathews' triple. Warren Spahn won his 15th with a seven-hitter.

Duke Snider, who had hit a three-run homer to open a five-run third in the opener, socked his 33rd home run for the Dodgers' nightcap clincher. Gil Hodges also homered in the second game for the Brooks with Don Drysdale winning his 11th in relief. Johnny Klippstein lost it.

Hodges' RBI single gave the Dodgers a 6-5 lead in the opener, but they then went on to add four in the eighth off Raul Sanchez. Ed Roebuck won with three-hit pitching in five relief innings and also hit his first major league homer.

Keegan, a 36-year-old right-hander who has only an 8-6 record, walked two and struck out one while facing only 28 men. It was the first no-hitter of the year in the majors.

The Sox, who blew a 4-1 lead in the opener as Ed Fitz Gerald homered off reliever Jack Harshman to nail it for the Nats in the eighth, backed Keegan with five runs in the third inning, with Larry Doby's one-on homer capping the spurt.

Ex-Yankee Ralph Terry won his fourth while blanking New York on a six-hitter for the A's. Turley, 10-4, lost it in the fifth on a double by Woody Held, another former

# Redleg Power Missing as Bums Win 2

BROOKLYN (AP)—The Cincinnati Redlegs, once boasting a powerhouse crew of sluggers, are beginning to get outpitched as well as outpitched.

The Brooklyn Dodgers hammered this point home forcefully Tuesday night with an 11-5, 6-5 sweep of a two-night doubleheader.

In the process, the Dodgers lashed 14 hits in the opener, and 13 in the nightcap.

It was again strong evidence of the difficulties of the Reds' over-worked pitching corps.

Eight Cincinnati hurlers saw action—five in the opener, which the Dodgers cracked open with a four-run eighth inning.

Raul Sanchez, the non-English-speaking Cuban, got into trouble in the eighth, loading the bases on walks, giving up a two-run single to Charlie Neal and a run-making single to Peeewe Reese before he was lifted.

Sanchez also gave up a home run to pitcher Ed Roebuck, his first as a major leaguer.

Sanchez had been the target of some psychological warfare by Brooklyn, centering on his habit of going to his mouth frequently. Redleg Manager Birdie Tebbets even visited the mound once, bringing along Vincente Amor, an interpreter.

The nightcap was a tighter game, going 12 innings before Duke Snider homered.

Don Mossi won his 10th for the Indians, rolling with a four-hitter until the Red Sox scored three in the ninth that brought on Early Wynn. Gene Woodling drove in two runs with four hits, one a homer, as Tom Brewer lost it for a 14-10 record. Jim Piersall homered for Boston.

Jim Bunning won his 15th. Ray Boone drove in three runs for the Tigers with a home run and a triple.

Stan Lopata's home run won the opener for the Phils as Curt Simmons and relief winner Dick Farrell stopped the Cubs on three hits. Home runs by Ernie Banks and Jerry Kindall won the nightcap as Robin Roberts lost his 17th.

## National League May Book More Double-Headers in '58

CINCINNATI (AP)—National League baseball players may be playing more doubleheaders, but getting more days off next season, if projected shifts of two teams to the West Coast go through.

The players may find their series with some of the teams stretch to as many as five or more games in a row.

These are some of the provisions of a 1958 rough draft schedule that League President Warren Giles sent to club owners earlier this week.

This proposal assumes that westward shifts will go through for the New York Giants, who Monday said they want to move to San Francisco, and the Brooklyn Dodgers, who have yet to formally say whether they intend to shift to Los Angeles.

Giles said the "economics of travel" may be the deciding factor in the new schedule, which would divide the league into East and West sections.

The lineup is this way: The East is Philadelphia, Pittsburgh, Cincinnati and Milwaukee; the West is San Francisco, Los Angeles, St. Louis and Chicago.

The proposed schedule would give an eastern section team, for example Philadelphia, only three Western trips, but among other Eastern teams, the Phillies would make four swings.

Similarly, a Western team like

the San Francisco Giants would make three Eastern trips, but four tours among other Western teams.

Under the present schedule, each team journeys to another team's city four times each season.

Giles said: "We can do it that way or we can have only three trips. I have looked at four different drafts already."

"And I have one on my desk now in case just San Francisco is brought into the league and another for just Los Angeles."

The fewer trips "would be the most economical on mileage," Giles said. "But it would extend a series; instead of two or three games as it is now, there would be three or four or perhaps more than five. There are a lot of variations."

"It looks like a question of whether the clubs believe a shorter series compensates for the added travel."

He said that the greater distances will mean more off-days on team shifts, and more doubleheaders.

"There has to be an off-day when the East section moves West and vice versa," Giles said. "You can't play a night game in Philadelphia, for example, and then fly to San Francisco for a series without a day off."

The league has figured the extra travel cost will average \$10,000 to \$11,000 for each team.

Giles said: "They will have to draw more people at San Francisco and Los Angeles than they did at New York and Brooklyn to compensate."

In any case, the National League season will be the same length—24 weeks, with 154 games for each team.

Giles said the league adjusts its schedules with the American League, "particularly with Chicago to consider, in order not to have Chicago Cubs games conflict with the White Sox."

Favored in the big event are Dan Orlich of Reno, Nev., the 1956 champion; Fred Waldoock Jr. of Sandusky, Ohio, winner in 1953; Vic Reinders of Waukesha, Wis., a college professor who has never won it; Joe Hiestand, the Hillsboro, Ohio farmer, a four-time winner, and Ned Lilly of Stanton, Mich., who spread his championships from 1933 to 1955.

Orlich and Hiestand tied at 199 Tuesday with George Newmaster of Lebanon, Pa., and George Babcock of Culver, Ind., for the Class AA championship, the day's top prize. All but Babcock were still shooting today to decide the laurels after the other three had broken 50 straight in an extra shoot-off.

SEATTLE (AP)—A blackout exists for Thursday night's world heavyweight title fight between champion Floyd Patterson and challenger Pete Rademacher, the Olympic gold medal winner.

For the first time since 1921 when Jack Dempsey and Georges Carpentier fought, there will be neither a radio broadcast nor telecast.

Promoter Jack Hurley declared this bout strictly was for the paying customers; he termed TV viewers "freeloaders."

# Heavyweights Resting for Bout Thursday

SEATTLE (AP)—While the boxing world still seethed and fumed today over Thursday's world heavyweight title fight between champ amateur Pete Rademacher, the word for the two principals was "unconcerned."

Their training ended, both made this a day of rest.

Patterson loafed at the quiet resort on Star Lake, 20 miles south of Seattle, where he has headquartered during his get-ready program.

Rademacher, admitting he is "just a country boy," lolled around the house at North Bend, Wash., where he has lived for the last two weeks. He is the first to step out of the amateur ranks into a championship bout.

Cus D'Amato, Patterson's manager, said his titleholder probably will be at his heaviest for this fight. The former middleweight weighed 183½ when he met Tommy Jackson last month and D'Amato expects him to be a few pounds heavier for Rademacher.

The champ amateur, who has no manager and does his own talking, expects to weigh 210.

The 25,000-seat Seattle Stadium has been scaled to bring in \$400,000 at \$20-\$15-\$10. With about \$200,000 in the till now and the "cheap seats" not going on sale until Thursday, prospects are good for a near sellout. In case of rain, Friday night has been set as the postponement date.

Old Hands Win In Net Tourney

BROOKLINE, Mass. (AP)—Bill Talbert, Mrs. Midge Buck and Gardnar Mulloy are proving there is no substitute for experience in the National Doubles Tennis meet.

Talbert, non-playing captain of the U.S. Davis Cup team, joined forces with Gil Shea and trimmed two of his youthful prize pupils, Sammy Giammalva and Barry Mackay, 9-7, 7-5, 4-6, 4-6, 9-7.

On the same second round program at Longwood Tuesday, Mrs. Buck, 48-year-old National Women's Senior Singles champion, and League, "particularly with Chicago to consider, in order not to have Chicago Cubs games conflict with the White Sox."

Orlich and Hiestand tied at 199 Tuesday with George Newmaster of Lebanon, Pa., and George Babcock of Culver, Ind., for the Class AA championship, the day's top prize. All but Babcock were still shooting today to decide the laurels after the other three had broken 50 straight in an extra shoot-off.

## "More ROOM"

If your home is too small for com-  
fortable living why not look at  
some of the larger homes we have  
listed? They have sizeable bed-  
rooms with closets, dining rooms,  
basement and are located in es-  
tablished neighborhoods. Our phone  
number is 56571.

Call today and we'll be happy to  
come right out and talk to you  
about your property problem.  
House & Home Co.

Charles (Bud) Mustine, Salesman

## PUZZLED?

If you have been trying to sell  
your home, chances are a lot of  
people have said they'll "Call you  
back." And the home is still un-  
sold.

Generally speaking, a realtor's  
know-how will separate the chaff  
from the corn, the men from the  
boys and convert prospects into  
buyers!

Call today and we'll be happy to  
come right out and talk to you  
about your property problem.  
House & Home Co.

Charles (Bud) Mustine, Salesman

DAILY CRYPTOQUOTE—Here's how to work it: AXYDLBAAXR is LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Ex-School Chief's Wife Dies at 66

TOLEDO (P)—Mrs. E. L. Bowsher, 66, wife of the former state school superintendent who now heads Toledo public schools, died Tuesday after a cerebral hemorrhage.

A native of Wapakoneta, she was graduated by Wapakoneta High School and taught music for several years before she was married in 1910.

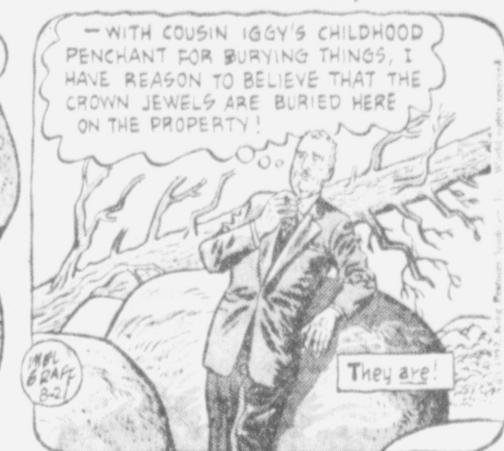

After living in Wapakoneta, Wapakoneta, Waverly, Wauseon and Ashland, the Bowschers made their home in Columbus while he was state school superintendent. Bowscher became Toledo superintendent in 1937.

## Firemen Make Pair of Runs

Grass Blaze Worries  
Neighbors on Rt. 22

Washington C. H. firemen nearly put out a grass fire that wasn't supposed to be put out Tuesday afternoon when they answered a neighbor's call to a farm on Route 22, two miles east of Washington C. H.

The burning grass, on property owned by Willard Story, CCC Highway north, was being burned by men working for Story.

Firemen said the men had plowed a triple furrow around the two-acre area, but that neighbors became concerned and called the department, unaware that the blaze was under control.

**SERVICE STATION** attendants at the Sohio station on the corner of Court and North Sts. extinguished a small truck fire about 10:13 a. m. Wednesday before firemen arrived. The blaze, in a pickup truck owned by Jack Steele, 1013 Briar Ave., apparently started in the wiring under the front seat.

Steele drove the truck into the station lot, where attendants put out the blaze with chemical extinguishers. Firemen disconnected the battery and soaked the wires.

## Ward Fashion Shop To Have 2-Day Opening

Montgomery Ward's new 1,800-square-foot Fashion Shop will have its grand opening Friday and Saturday. The shop is located on the ground floor level just east of the main store area.

George Purple, Ward manager here, said Wednesday that Miss Betty Carpenter, Fayette County Fair Queen, will be official hostess, and that 500 roses will be given to early visitors.

The store will remain open Friday and Saturday nights until 9 o'clock.

The new shop will triple Ward's former fashion selection, and, it is pointed out that all the stock is sent to the store directly from New York City manufacturers.

LOUISE BOYER, fashion manager of Ward's, disclosed that \$25,000 was spent in redecorating the fashion shop.

Six air-conditioned fitting rooms will add to the comfort of shoppers.

Modular fixtures and walls are used. All of the display equipment was designed specially for the Washington C. H. store by a display engineer of the Montgomery Ward company.

Color scheme of the interior is built around deep blue, etaine blue, mushroom and pale peach. Carpeting and other fixtures are mocha brown.

Six additional salesladies will be added to the staff to assist customers in their selection at the new fashion shop.

## Youngstown Steel Workers End Strike

YOUNGSTOWN (AP)—Some 2,000 steel workers who walked out at the Youngstown Sheet and Tube Co. Brier Hill Works Tuesday were back at work today.

A union spokesman said the company had agreed to meet soon with union representatives and a mutually acceptable umpire to discuss grievances.

The walkout started among blast furnace workers who reportedly were dissatisfied over recent layoffs and spread to other parts of the plant employing 3,500.

## Typhoon Hits South Korea Port City

PUSAN, Korea (AP)—Typhoon Agnes smacked this South Korean port city today with winds of 125 miles an hour, heavily damaging U. S. military installations.

No American casualties were listed in first reports, but U. S. Army spokesmen said the storm had caused at least a half million dollars damage by midmorning.

Winds took the roof off a U. S. Army hospital and three other buildings in Pusan. The hospital patients were evacuated safely.

National police in Seoul reported one person dead and three missing in preliminary accounts. They said one school building and 127 houses were wrecked and another 83 were damaged extensively in southeastern Korea.

U. S. Army spokesmen in Pusan said the half-million dollar damage estimate was to Army buildings, ships and docks alone by midmorning and a much greater final toll was expected.

Communications were spotty or cut off entirely as the storm moved over the peninsula.

The typhoon moved into Korea after lashing southwestern Japan. Police in Tokyo today reported 9 persons killed and 16 others missing in the heavy rains accompanying the big blow. Nineteen other persons were reported injured and 1,645 were homeless in Japan.

## Blessed Events

## Special Council Session Tonight

City Council will hold a special meeting at 7 p. m. Wednesday to consider the possible of requesting a \$160,000 federal grant toward the expansion of the Washington C. H. sewage treatment plant.

The city administration previously had approved a request for a \$129,000 grant, but Council President Ronald Cornwell called the special meeting when it was disclosed that the total cost of the improvement, including suggested sewer repairs, would reach an estimate \$333,000.

The application for a \$129,000 grant, not yet filed with federal authorities, was based on an estimate overall cost of \$443,000.

The new cost estimate was disclosed after City Manager James F. Parkinson reviewed final detailed plans with Charles Bird, of the firm of Bird and Teitzel, employed by the city as consulting engineers.

Some of the items included in the \$333,000 estimate may be temporarily shelved by Council but all have been strongly recommended by engineers.

## Bloomington Children Help Retarded Class

The Fayette County Council for Retarded Children received an unexpected but deeply appreciated assist Tuesday from the Daily Vacation Bible School recently conducted at the Bloomington Methodist Church.

A box full of cash—silver, nickels and pennies—representing daily collections at the Bible school, was turned over to Mrs. June Ramey, president of the Council, by Mrs. Gordon Lynch, acting in behalf of the church. The money contributed by the Bloomington children, Mrs. Ramey said, will be used to purchase work materials for the retarded children's class which will get under way Sept. 9, with an enrollment of 10.

"It isn't much," Mrs. Lynch observed, "but it comes with all our love to the children in your class."

## Court Empty But 7 Drivers Forfeit Bonds

Seven cases were slated in Municipal Court here Wednesday but not one of them was heard. All seven of those charged failed to appear, and bonds which they had posted were forfeited.

Forfeiting \$25 bonds each for speeding were Robert Newland, 35, of Dayton, and Jack Rogers, 21, of Speakman, W. Va. Speeding bond forfeitures of \$20 each were recorded in the cases of Donald Hawthorne, 40, of Franklin, Charles Barkhart, 41, of Centerville, and Benjamin Miller, 56, of Columbus.

Robert Vansickle, 31, Somerset, forfeited \$15 on a speeding charge, and Olive Witherspoon, 40, of 425 N. North St. forfeited the same amount on a charge of running a stop sign.

A foot in the door...  
with vitamins

If a peddler rings your bell and tries to sell you some vitamins, here's something you should bear in mind. He's a trained salesman. He'll sound convincing. But chances are he's not a physician or a pharmacist. He's no judge of your health, and there's no way he can know what sort of vitamins or nutritional supplements you need—if you need any at all. So, it's just common sense to get professional medical advice before you spend your money.

## Firemen Make Pair of Runs

Grass Blaze Worries  
Neighbors on Rt. 22

Washington C. H. firemen nearly put out a grass fire that wasn't supposed to be put out Tuesday afternoon when they answered a neighbor's call to a farm on Route 22, two miles east of Washington C. H.

The burning grass, on property owned by Willard St. CCC Highway north, was being burned by men working for St. C. H.

Firemen said the men had plowed a triple furrow around the two-acre area, but that neighbors became concerned and called the department, unaware that the blaze was under control.

**SERVICE STATION** attendants at the Sohio station on the corner of Court and North Sts. extinguished a small truck fire about 10:13 a. m. Wednesday before firemen arrived. The blaze, in a pickup truck owned by Jack Steele, 1013 Briar Ave., apparently started in the wiring under the front seat.

Steele drove the truck into the station lot, where attendants put out the blaze with chemical extinguishers. Firemen disconnected the battery and soaked the wires.

## Ward Fashion Shop To Have 2-Day Opening

Montgomery Ward's new 1,800-square-foot Fashion Shop will have its grand opening Friday and Saturday. The shop is located on the ground floor level just east of the main store area.

George Purple, Ward manager here, said Wednesday that Miss Betty Carpenter, Fayette County Fair Queen, will be official hostess, and that 500 roses will be given to early visitors.

The store will remain open Friday and Saturday nights until 9 o'clock.

The new shop will triple Ward's former fashion selection, and, it is pointed out that all the stock is sent to the store directly from New York City manufacturers.

**LOUISE BOYER**, fashion manager of Ward's, disclosed that \$25,000 was spent in redecorating the fashion shop.

Six air-conditioned fitting rooms will add to the comfort of shoppers.

Modular fixtures and walls are used. All of the display equipment was designed specially for the Washington C. H. store by a display engineer of the Montgomery Ward company.

Color scheme of the interior is built around deep blue, etaine blue, mushroom and pale peach. Carpeting and other fixtures are moccasin brown.

Six additional salesladies will be added to the staff to assist customers in their selection at the new fashion shop.

## Youngstown Steel Workers End Strike

**YOUNGSTOWN** (AP)—Some 2,000 steel workers who walked out at the Youngstown Sheet and Tube Co. Brier Hill Works Tuesday were back at work today.

A union spokesman said the company had agreed to meet soon with union representatives and a mutually acceptable umpire to discuss grievances.

The walkout started among blast furnace workers who reportedly were dissatisfied over recent layoffs and spread to other parts of the plant employing 3,500.

## Typhoon Hits South Korea Port City

**PUSAN, Korea** (AP)—Typhoon Agnes smacked this South Korean port city today with winds of 125 miles an hour, heavily damaging U. S. military installations.

No American casualties were listed in first reports, but U. S. Army spokesmen said the storm had caused at least a half million dollars damage by midmorning.

Winds took the roof off a U. S. Army hospital and three other buildings in Pusan. The hospital patients were evacuated safely.

National police in Seoul reported one person dead and three missing in preliminary accounts. They said one school building and 127 houses were wrecked and another 83 were damaged extensively in southeastern Korea.

U. S. Army spokesmen in Pusan said the half-million dollar damage estimate was to Army buildings, ships and docks alone by midmorning and a much greater final toll was expected.

Communications were spotty or cut off entirely as the storm moved over the peninsula.

The typhoon moved into Korea after lashing southwestern Japan. Police in Tokyo today reported 9 persons killed and 16 others missing in the heavy rains accompanying the big blow. Nineteen other persons were reported injured and 1,645 were homeless in Japan.

## Blessed Events

## Special Council Session Tonight

City Council will hold a special meeting at 7 p. m. Wednesday to consider the possible of requesting a \$160,000 federal grant toward the expansion of the Washington C. H. sewage treatment plant.

The city administration previously had approved a request for a \$129,000 grant, but Council President Ronald Cornwell called the special meeting when it was disclosed that the total cost of the improvement, including suggested sewer repairs, would reach an estimate \$533,000.

The application for a \$129,000 grant, not yet filed with federal authorities, was based on an estimate overall cost of \$443,000.

The new cost estimate was disclosed after City Manager James F. Parkinson reviewed final detailed plans with Charles Bird, of the firm of Bird and Teitzel, employed by the city as consulting engineers.

Some of the items included in the \$533,000 estimate may be temporarily shelved by Council but all have been strongly recommended by engineers.

## Drillers Make Slow Progress

Drilling in Kewanee Oil Co. test well No. 2 apparently is becoming more and more difficult because of very hard rock. The average during the past 48 hours has been one foot an hour.

The depth at 8 a. m. Monday was 3,366 feet and at 8 a. m. Wednesday the depth posted was 3,414 feet, a gain of 48 feet.

## Bloomington Children Help Retarded Class

The Fayette County Council for Retarded Children received an unexpected but deeply appreciated assist Tuesday from the Daily Vacation Bible School recently conducted at the Bloomington Methodist Church.

A box full of cash—silver, nickels and pennies—representing daily collections at the Bible school, was turned over to Mrs. June Ramey, president of the Council, by Mrs. Gordon Lynch, acting in behalf of the church. The money contributed by the Bloomington children, Mrs. Ramey said, will be used to purchase work materials for the retarded children's class which will get under way Sept. 9, with an enrollment of 10.

"It isn't much," Mrs. Lynch observed, "but it comes with all our love to the children in your class."

## Mainly About People

**Mr. Wyatt (Bud) Underwood**, 513 Lewis St., underwent surgery in University Hospital, Columbus, Tuesday and is reported in 'fair' condition.

**Seaman Paul L. Robinson** is returning to duty aboard the U.S.S. Hornet at San Diego, Calif., after spending a month with his parents, Mr. and Mrs. W. K. Robinson, CCC Highway east. A Washington C. H. High School graduate in 1954, Robinson enlisted shortly after completing his schooling. He expects to be discharged shortly after returning to his ship.

Among relatives who attended the funeral of Mr. John Hirt Monday were: Mr. and Mrs. P. E. Bartlow, Mr. Harry A. Hirt and Mr. and Mrs. Carl Fromme, of Columbus; Mr. and Mrs. John Hirt and daughter Linda, of Indianapolis, Ind.; Mr. and Mrs. Donald Albright and son, Rodney, of Dayton; Mr. Hobart Parker, of Springfield; Mr. Conrad Sonander, of Urbana. All were guests at the home of Mr. and Mrs. Paul Hirt.
